

RELIEF CAMP AT ST. ALBERTS

Shelter was provided by the college to people displaced by the Kerala floods of 2018. The campus was one of the largest relief camps housing more than 3,000 individuals. The Papali Hall was a collection centre as well, from where essential materials were distributed to the people camped in the institution. All the students, teaching and non-teaching staff of the college involved themselves as active volunteers. Essentials were also distributed from the institution to more than 50 relief camps across Ernakulam.
