

Review on airstable and lead free. perovskite solarcell using caesium tin iodide

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Akhila Mary K. A
1902190001

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Review on airstable and lead free perovskite solar cell using caesium germanium tin triiodide

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Annriya Thomas
1902190002

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Self assembly of carbon nano tube

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Dianu Morera
1902190003

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Analysis of ordinary differential equations by Euler and modified Euler methods

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Irin Babu
1902190004

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Accuracy analysis of initial value problems for ordinary differential equations using RK method

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Karthika Raveendran
1902190005

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

A review on photon states

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Leslie Olivero
1902190006

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Thermodynamic study of reissner nordstrom black hole and schwarzschild black hole in anti De Sitter space

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Manjusha M
19021090007

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Self assembly of carbon nanotube

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Rinishiya K Dominic
1902190008

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Black hole thermodynamics study of rotating BTZ black hole

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Shabeer N A
1902190009

ST. ALBERT'S COLLEGE (AUTONOMOUS)
Ernakulam

March, 2021

Review on airstable and lead free. perovskite solarcell using caesium tin iodide

A thesis
Submitted in partial fulfillment of the requirements
Of the degree of
Master of Science in Physics

By

Sruthy John
19021900010
